1.2 (i) Flexibility of the Curriculum: CBCS/Core/Elective option / Open options

Being an affiliated college no freedom to change the curriculum. At the same time there are provisions to select Electives, introduced open courses, vocational & certificate programmes.

Teachers of this college who are members of the University Board of Studies have played a very dynamic role in framing the syllabi of certain courses of the University. We invite the Vice Chancellor, Pro-Vice Chancellor and Registrar to the campus and conduct interaction sessions with faculty and the students. Such occasions are used to give direct feedback on our Curriculum and give suggestions for improvement.

1.3 Feedback from stakeholders* Alumni ☒ Parents ☒ Employers ☒ Students ☒
(On all aspects)

Mode of feedback : Online ☐ Manual ☒ Co-operating schools (for PEI) ☐

****Please provide an analysis of the feedback in the Annexure***

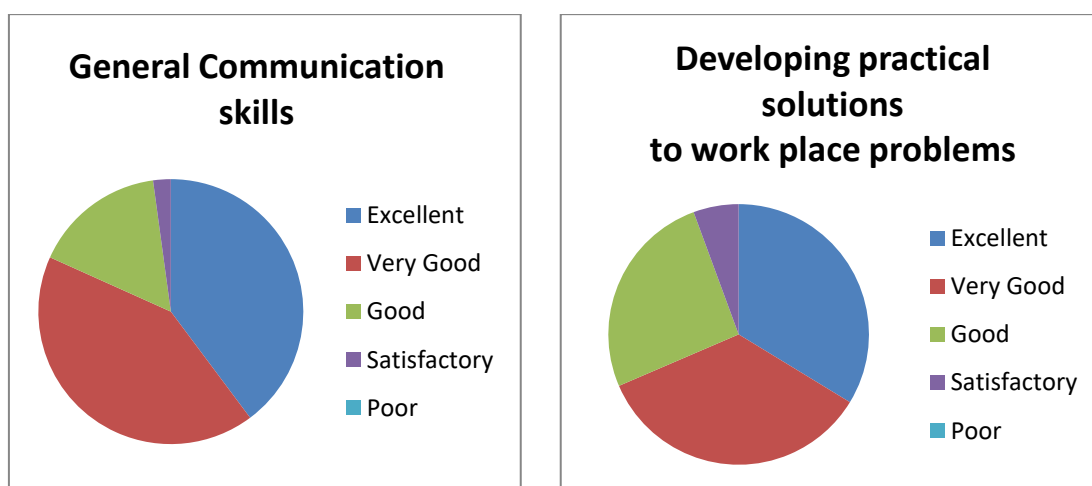

Feedback from Stakeholders - Society/Parents

The feed back from parents are collected during the open house meeting and it shows that the teacher quality and discipline mentioned in the college is very good

Employers Feedback

The pie diagrams shows the employers opinion about the product. Relation of our students with college management, customers and team work is very excellent. They also very good in planning. Taking up responsibility, time keeping etc.

Relations with Colleagues

Relations with Management

Relations with Customers

Working as part of a team

Being creative in response to workplace challenges

Planning and organization skills

The college maintains a self appraisal system giving weightage to multiple activities performed by faculty inside and outside the campus in various fields. The Appraisal system in this institution gives 50% weightage for student feedback. Students are asked to evaluate each and every teacher who teaches them, with the help of a printed feedback form, towards the end of each academic year. The remaining 50% weightage is distributed equally among four heads (12.5% each) namely, research activities, consultancy and extension, involvement in evaluation duty and teaching experience and qualification. Appraisal forms are received from all the faculty members at the beginning of the academic year based on their performance in the previous year (Teachers Mirror).

The college has a mechanism for analyzing student feedback on the performance of the college. Each year students are given an opportunity to provide confidential feedback on various aspects of the college functioning such as the college, the course, the faculty, departments, canteen, non-teaching staff, teaching-learning-assessment, research, extension and special resources such as Labs, Library, ICT amenities and other facilities based on a standardized questionnaire provided.

The suggestions for improvement are grouped into three categories:

- Those we can change immediately
- Those that must wait until the next time the course is offered
- Those that we cannot change

In all possible cases, remedy is provided, after discussions with the concerned authorities.

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

College is affiliated to University of Calicut, hence there is revision update of syllabus as per the decision of the Board Studies of the University

1.5 Any new Department/Centre introduced during the year. If yes, give details.

2.6 Innovative processes adopted by the institution in Teaching and Learning:

The innovative features of the curriculum Teaching and Learning the college is following are given below:

- Maximum application of the ICT in the teaching-learning process
- Training in Courseware CD preparation and LCD projection for all UG and PG students.
- *Weekly Quiz Time* as a regular feature of all departments in order to focus learning to the level of minute details and to motivate the students to keep themselves abreast of the latest developments in their disciplines.
- *Annual Visits by students to reputed research institutions and industrial establishments* related to their area of study as an integral part of the scheme of study in addition to the mandatory internship in factories or industrial units wherever applicable.
- *Student Projects* to develop investigation faculties and writing skills
- *Exclusive programs* like Rural Camps, Mini Research, Community Oriented Programs, Article Reviews and discussions that fine-tune the students to the mind set the courses intend to develop in them
- *Weekly tasks* and Regular Test Papers for all undergraduate students
- *The Tutorial System*, one of the best practices followed in this institution since 1990
- *An additional period every day of exposure to programmes that enrich curriculum teaching and learning*

The semester scheme is in practice and students take two mid-semester internal examinations every semester. The schedule of examinations followed here is as follows:

Schedule of Examinations 2013-14

Sl. No.		Event	Date
1.	UG	First Internal(V Sem)	27-7-2013
2.		First Internal(I & III Sem)	29-8-2013
3.		Second Internal(V Sem)	6-9-2013
4.		Second Internal(I & III Sem)	16-11-2013
5.		First Internal(VI Sem)	14-1-2014
6.		First Internal(I I & IV Sem)	25-1-2014

8.		Second Internal(I I & IV Sem)	2-4-2014
9.		First Internal(I & III Sem)	13-8-2013
10.		Second Internal(I & III Sem)	11-10-2014
11.		First Internal(II & IV Sem)	20-1-2014
12.		Second Internal(II & IV Sem)	4-4-2014

Other than the examinations, **monthly class tests, terminal examinations and practical examinations** are the main procedures of institutional evaluation. In addition, the assignments and presentations that the students make also are evaluated for the purpose of awarding internal assessment marks. Attendance is also one of the criteria adopted for the award of internal assessment marks. This institution follows the system of **Progress Cards** as one of its best practices. This card is a performance record of the student and is issued without fail to the parents as a notification of the performance of their wards soon after every examination that the student takes. The cards are issued to the parents in a meeting called for the purpose. The parents usually put the occasion to good use and make enquiries about the progress of their children in studies. The parents are given opportunity to meet the teachers at least once in two months in this way.

A **Post Entrance Test (PET)** is conducted online for the fresh UG students soon after admission. Other methods of examination and evaluation include **open text tests, group discussions, stage adaptation of prescribed texts, poster-making** etc.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes :

A culture of continuous review and improvement underpins our approach at departmental, faculty and institutional level.

- The Departmental Diary given to every department in print format provides for recording the actual hour-by-hour work done by each faculty.
- The Institution analyses the feedback on teaching and learning obtained from different sections of stakeholders.
- Internal Academic Audit, monitored by the IQAC by means of stakeholder feedback, is an in-depth term-wise review led by departmental peers.
- IQAC team always monitors teaching-learning, observes and checks whether the faculty is making use of ICT teaching devices and whether enough e-content is developed and used in the classroom context.
- The college has introduced department-level appreciative peer review of learning and teaching.
- A highly confidential evaluation of the teacher collected from the students by the Principal
- The assessment made by the Principal based on the student responses is invariably passed on to the teacher for improvement every year.
- The ‘Teacher of the Year Award’ is given by the CHF Pavanatma Educational Society after evaluating the performance of faculty.
- Post Entrance Test (PET), a mechanism to assess the skill and knowledge of the students at the entrance/admission stage after an immersion module (bridge course) is conducted every year.
- SC/ST, OBC, minority and economically backward students are given remedial coaching after class hours.
- Specific programmes are arranged for advanced/slow learners by the Academic Excellence Committee.
- Effective tutorial/mentoring of students is undertaken by the faculty.
- Faculty visit the houses of students under their mentorship, help them and provide facilities for improvement.
- Financially weak students are given help from the PTWA Fund or granted scholarship.

4.2 Computerization of administration and library

The administrative wing of the college was renovated in 2013-14 with separate built-in-cabins for the staff and equipped with computer and internet connectivity. Examination section and Bill-section are fully computerised; remaining sections are planned to be fully computerised shortly. The following facilities are available in the campus for smoother administration:

College Web-Portal, Electronic file system and automated workflow, Digitalised personal file, Payroll and software package, Student Database, E-mail accounts for students and employees, Smart classrooms and Smart teaching devices etc. Conduct of online examinations and installation of Biometric punching machines are anticipated before long.

Library Computerisation

The Central Library, the core Learning and Teaching Resource Centre of the college with **60000 books, 305 journals and 1130 CDs** supports teaching, learning and research across a wide range of all conceivable disciplines. An increasing amount of resources are now available online, both on and off campus, including images and full-text journal articles. Enough number of computers with internet and reprographic facility help the students download or copy any required information.

The college also provides to all the faculty and students personal ID to gain access to the INFLIBNET N-List site that offers **75000 e-books and 3000 e-journals** in full text form. This facility is a boon to the research scholars.

Access to the library is managed electronically by producing the smart card. Library is open for use from 7 a. m. to 7 p.m. Users can easily search and locate reading materials with the help of user friendly software. CCTV cameras installed ensure disciplined and effective use of the library.

Part of our four year old Digital Library Initiative - the Digital Repository Service (DRS) - provides a set of professionally managed services to store, preserve, and provide access to digital objects over time.

A relevant online listing of websites of manuscripts, archives, rare books, historical photographs and other primary sources for research is available for the research scholars.

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The **prospectus** of the college is prepared for UG and PG separately, updated every year and given to the applicants along with the application forms. It contains the vision, mission, details of courses offered, eligibility, and facilities available which help the students to choose the desired course in this institution.

The Handbook is revised every year and distributed to every student, faculty and staff at the beginning of the academic year. It contains all the information required for the students for a smooth and effective college life.

Full UGC support is available to the college for organizing coaching classes for competitive exams and skill development (spoken English, computer literacy, coaching for Civil Service and NET etc.,) and also for remedial coaching for slow learners.

- The college **Academic Excellence Cell** also has free appropriate special coaching and guidance schemes for **slow learners and advanced learners**. (Details are given in 2.2.5 and 2.2.6)
- Visits and **interactions with relevant institutions, industry and corporate houses**, internships in reputed institutions are offered every year for students of all departments as opportunities for higher experiential learning.
- Publication of the **College Annual Magazine** is a regular practice, funded by the combined effort of the management, faculty and students. In addition, every department publishes its own subject-related student manuscripts.
- IQAC also coordinates counselling services such as academic counselling, personal psycho-social counselling and career counselling. An effectively functioning Vocational & Enrichment Programmes, Add-on courses (Grievance Redress Cell, Anti-Ragging Committee, Mentoring Tutorial System, Medical Aid, an on-campus Professional Counselling Centre-Darsana, the Innovative Programme – Faculty @ Students' Homes, Student Welfare Scheme, the Women Development Cell etc. also come under the monitoring and supervision of the IQAC in its responsibility of students support and progression.

5.2 Efforts made by the institution for tracking the progression

The institution facilitates student progression to higher level of education/ employment in the following ways:

- Documentation of programme wise course completion – Rate & Pass percentage
- Analysis of the results of UG & PG programmes

- Conduct of career seminars and campus recruitment drives
- Personal counselling, mentoring and tutorial system instilling confidence and achievement drive in each and every student
- Regular conduct of internal and semester exams, preparation of progress reports, open house programmes with parents etc., instilling an achievement drive in students
- Campus atmosphere of study, research, interaction with eminent persons, exposure to various programmes etc., encourage student progression
- Guidance sessions through career orientation classes given to the graduate and undergraduate students
- Guidance in selecting organizations for student internship eventually leading to placement
- Linkages with Government/Non government Organizations leading to employment(ACE- a Franchisee of TALLY Solutions, Bangalore)
- Coaching/ special training provided for writing examinations such as UGC/CSIR/NET/JRF and Entrance level examinations for the posts of clerk/officer in Nationalized /Scheduled Banks, tests conducted by Public Service Commission-Government of Kerala, Coaching for Entry Level Examinations of Civil Service, and CPT for CA provided
- Many awards instituted for excellence like **‘Student of the Year’**, **‘APJ Abdul Kalam Award’** for **‘Star of Excellence’** motivating the students for high levels of achievements, along with **92** scholarships/endowments instituted earlier
- The post graduates directed to various jobs including teaching posts in various HEIs and Higher Secondary Schools, industries, NGOs etc.
- UGC funds utilized for student support programmes.

The central monitoring cell of the college is always ready to look into the student needs, grievances and requests. The cell took up problems related to examinations with the office of the controller of Examinations, University of Calicut. The cell also gave timely information and guidance regarding various scholarships and freeships such as Single Girl Child Scholarship, Minority Scholarship, Muslim Scholarship, Manorama Merit Scholarship, University Merit Scholarship, Post Merit Scholarship etc.

5.6 Details of student counselling and career guidance

Counselling Services:

a) Academic Counselling: The Departments educate the students on the academic system and rules that regulate their academic career and the many resources available to them on campus. Various fields of counseling are:

- Guidance from **HRD and Progression Support Cell** functioning on campus for special entrance coaching for examinations like nation-wide Central Universities' PG Admission Entrance Test
- The faculty of the Departments provide guidance to each student on a wide range of academic matters including assessments and examinations, choosing their core and complementary options and scholastic difficulties.
- After the **Post Entrance Test (PET)**, students are categorized as advanced learners, slow learners and average performers. Special counselling and guidance is provided by the tutors to students of each category. Special cases which need expert care are directed to the counselling centre for psycho-social counselling.

b) Personal and Psycho-social Counseling: Our counselling programme is so designed as to support and assist students who have personal issues. Departments have faculty prepared to counsel students to resolve simple personal problems. If the faculty find the problem deep and complicated, the student is directed to **Darsana, the on campus full-time government sponsored counselling centre** manned by professionals.

As a result, there occurs an increase in self-confidence, assertiveness, self-esteem, and stress management in students. The College recognizes that personality development, emotional wellness, and success in academic pursuits are closely intertwined. Hence these services are offered to all the students free of cost.

c) Career Counselling: The Student Progression/HRD Cell provides the students the counselling services such as career goal setting based on assessment of individual aptitudes, guidance on viable career options available and assistance in choosing the best career oriented educational enrichment programme.

Criterion – VI

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

VISION

Women empowered and liberated through knowledge, for a brave new world of ideal families.

MISSION

Creating an educational environment for the total development of young women, in this globalized e-world, through value based holistic instruction across a wide range of disciplines, and mainstreaming a gender perspective in the national development process.

6.2 Does the Institution have a management Information System

The college management believes that education is the most effective route to the empowerment of women and development of families and the nation as a whole. Programmes and courses offered by the college are chosen accordingly. The college authorities have always encouraged a culture of participative management which includes Top management, Principal, Principal's council, HODs, faculty, staff, student union, PTWA and alumnae.

The following measures are undertaken for the effective planning and implementation of policies in this institution:

- Governing Council meetings held at the beginning of every semester to assess the faculty requirement, development needs etc.
- Daily meetings of the Principal's Council, to ensure that daily operations are carried out according to the set plans
- Weekly meetings of the Heads of Departments, to plan pin pointedly the activities of the week ahead
- Faculty Meetings at the end of every month to evaluate the month's activities against set targets and to plan for the month ahead
- Regular committee meetings for the implementation of strategic plan modules
- IQAC Core committee meetings with Principal, Heads of departments and the faculty at regular intervals to ensure and evaluate quality sustenance and enhancement programmes
- Dissemination of information to student body, implementation of plans and collection of feedback through class representatives

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The change in the curriculum introduced by the University from the academic year 2009-10 necessitated the rescheduling of the entire course work, affecting the teaching pattern of the programmes and directing the students towards research oriented studies.

The following initiatives have been taken up and contributions have been made by this institution for the effective delivery and transaction of the curriculum provided by the University in an innovative and interactive way:

- Facilities and skill development equipment like computers, smart board, LCD projectors etc. provided for ICT delivery and e-content development
- Providing adequate flexibility in the choice of subjects, to the students, by offering a wide range of options available in the University
- Making the system of Choice-based Credit Semester System (CCSS) and internal assessment process introduced in the institution more efficient and self-reliant through the co-curricular activities
- Encouraging consistent interaction with all stakeholders like students, alumni, parents, industry, social organizations and other relevant experts in the progress of the implementation of the system and obtaining from them adequate and timely feedback
- Facilitating consultation with different National and International centres of higher learning on the scope and methodology of choice-based curriculum in different degree programmes and following their best practices.

The college has placed an offer to the Consortium for Educational Communication, Delhi, for the development and delivery of E-learning content for Higher Education institutions. One of our faculty members, Dr. Aneesh E.M. of Zoology department (Young Scientist Award Winner) is entrusted with the duty of developing e-learning content in Zoology and Bioinformatics for Educational Multi Media Research Centres of University of Calicut and University of Mysore.

- Apart from the University affiliated UG and PG degrees, the college has provisions also for 39 Add-on/Enrichment courses for which it has designed valid curricula. Three of them are UGC aided and University affiliated One Year Certificate Courses with curricula prepared by our faculty and approved by the University.

6.3.2 Teaching and Learning

The college plans and organizes the teaching, learning and evaluation schedules in the following manner.

- The Academic calendar of Calicut University (June to March) is strictly followed in the college. At the beginning of the academic session, year plan of every department, based on that of the university's, is prepared by the

departments and after IQAC scrutiny, a compilation of these plans is brought out in a printed book format and distributed among the staff and students for strict compliance.

- The Academic diaries maintained by the faculty ensure compliance of the academic plans by them and the diaries are assessed by Heads of Departments every week
- At the beginning of the academic year the Principal convenes a faculty meeting to draw an annual blue-print of the college events and activities and this is positively implemented by the concerned committees entrusted with such responsibilities.
- Our Learning and Teaching Plans during the period 2013-14 were in alignment with the key objectives of the college for the period, so that the faculty are able to achieve excellence in teaching outcome. It has been built upon the success of the earlier plan in the following ways:
 - * Increase in the number of subject options taught-Started M.A. Malayalam, M.A. Economics, B.Sc. Psychology, M.Sc. Computer Science in the year 2013-14.
 - * Changes in teaching modes introducing ICT in a large measure: Use of digital class room, e-content, virtual lab etc.,
- Responsibility of implementing, monitoring and reviewing the Plan is vested in the Academic Excellence Committee with the IQAC support.

6.3.3 Examination and Evaluation

A culture of continuous review and improvement underpins our approach at departmental, faculty and institutional level.

- The Departmental Diary given to every department in print format provides for recording the actual hour-by-hour work done by each faculty.
- The Institution analyses the feedback on teaching and learning obtained from different sections of stakeholders.
- To provide the best teaching and learning experiences to all students, this college has introduced department-level appreciative peer review of learning and teaching.
- A highly confidential evaluation of the teacher collected from the students by the Principal serves as a documentation of the merits and demerits of a faculty member's teaching quality. The assessment made by the Principal based on the student responses is invariably passed on to the teacher for improvement every year.
- The 'Teacher of the Year Award' is given by the CHF Pavanatma Educational Society after evaluating the performance of faculty every year. Data is collected in a format prepared by IQAC.
- Student performance is regularly evaluated through internal assessment based on class tests, seminar presentations, assignment submissions, attendance and terminal examinations. Progress cards are issued to the students and PTA meetings convened for discussion of the student performance.

6.3.4 Research and Development

The institution has the policy of promoting and ensuring smooth progress/implementation of higher research by ensuring that the faculty members are sanctioned leave under FIP. In addition faculty have been undergoing PhD studies on part time basis. Such faculty were granted leave for completion of research, on request.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- The library is the heart and treasure house of knowledge and information and it is an essential and integral component of this institution. St.Joseph's College library is reputed as an excellent one which houses 60,000 books, 305 journals and periodicals, 1025 CDs and cassettes. It has INFLIBNET (N-List) facility for accessing 75,000 e- books and 3000 e-journals.
- The very entry into the open-access library is regulated by a sensor identified e-card issued to every student. Advanced Computer aided search enables author-based, subject-based, title-based and publisher-based search facilities. All the following facilities are available at the library:
OPAC: On-line Public Access system is in operation in the library.
Electronic Resource management Package used: N-List of INFLIBNET
Federated Searching Tool used to search Articles: Greenstone
Library website: www.stjosephlibraryirinjalakuda.com
In-house/remote Access to Publications: Through Personal ID provided by N-List

LAN Facility	Five broadband connections, fully LAN connected
Computer: Student ratio	1: 16
Nodes with internet facility	184

- Free Internet and computer access is available to the staff and faculty during the college hours. The entire campus is LAN connected. Wi-Fi facility is available in limited areas in the campus.
- The IT infrastructure upgradation plans of the institution chiefly involve:
 - Upgradation of internet band width from 4 Mbps to 16 Mbps
 - Fully Wi-Fi enabled campus
 - ICT enabling in all classrooms
 - Development of virtual learning technology
 - Hosting web server

Infrastructure

The institutional policy regarding creation and enhancement of infrastructure is to provide state of the art facilities necessary to make teaching and learning process effective. Therefore, attention is paid to design and deploy concrete plans to develop cost effective and sustainable infrastructure service available to all kinds of users.

The institution has the following facilities for curricular, co-curricular and extra-curricular activities:

- Apart from the above mentioned, we have Herbarium and educational museums of Zoology, Botany and History.
- The laboratories include different UG and PG labs, Plant tissue culture lab, Microbiology lab, Cold Room, Instrumentation rooms, Physical Chemistry lab, Research lab, Gemology lab, BG room and Dark Room.
- Equipment available in labs include Laminar Air flow (horizontal and vertical), Hot Air oven, BOD incubator, Cooling centrifuge, Rotary microtome, Digital photoelectric calorimeter, PCR apparatus, Autoclave, Electronic balances, Kymograph, Newton's rings apparatus, Electrical microscopes, Cathode Ray Oscilloscope, UV spectrophotometer, Generator, Inverter, Refrigerators, Over Head Projectors , FTIR, Gas Chromatograph etc.
- 15 CCTV cameras are installed in the library and other strategic points to promote good learning habits in students, through continuous monitoring.

6.3.6 Human Resource Management

Student enrolment is 100% in almost all programmes offered. The dropout rate is nominal. Though selected by companies, UG students prefer to go for higher studies. About **55%** of our students opt for PG courses. Hundred per cent students from departments like Journalism and Mass Communication and Social Work were directly absorbed by employers during the last four years. The reputation earned by the institution as one of the best in Calicut University is good enough to attract and retain eminent faculty to the institution.

6.3.7 Faculty and Staff recruitment

- The appointment procedure of the permanent faculty involves the following steps:
 - a) Applications are invited through advertisement on the websites and in the local news papers. The number of posts in the subjects, the required qualifications and the last date for receiving applications are notified.
 - b) Applications received are scrutinized and qualified candidates short-listed and informed of date of interview.
 - c) The interview panel is finalized. It comprises the Manager, the Principal, the Government nominee, the Subject Expert and usually the Head of the Department.
 - d) Results of the interview are published and the selected candidates are informed.
- Appointment of ad-hoc faculty also involves advertising of the post and interview by the Principal and Head. Only those candidates who have already registered their names with the office of the Director of Collegiate Education can apply for the post now.

Selection norms are as follows: Marks are allotted to the candidates based on various attributes - NET, PhD, MPhil, rank, experience, publications, and interview. In the interview, personality, communication skills, computer knowledge, teaching ability, proficiency in ICT and soft-skills are given weightage.

6.3.8 Industry Interaction / Collaboration

Though twinning is not approved by the affiliating University, we have established linkages with several institutions and firms to enhance and enrich the performance level in various ways.

Curriculum development/enrichment: We have linkages with Kerala Folklore Academy, Kerala Sahitya Academy, Chetana Studio, Current Books, U.C. College Aluva, International Mathematical Union Germany, National Board For Mathematics, Department of Atomic Energy Govt. of India, Kerala Mathematical Association, Indian Academy of Science Bangalore, St Joseph's College Trichi, St. Thomas College Thrissur, St. Albert's College, Ernakulam, Amala Cancer Research Centre, Amrita University, Sacred Heart College, Chalakudy.

Internship/On-the-job training: Kerala State Electricity Board, KLF Industries Pvt Ltd, Irinjalakuda Town Cooperative Bank Ltd, KPL Oil Mills Pvt Ltd, KSE Ltd Irinjalakuda, KSFE Ltd Chalakudy, Kerala Agro Machinery Corporation Ltd, Athani, Murali Tiles Urakam, South Indian Bank Travancore, Chemicals Federal Bank Ltd Aluva, Forgings Ltd Athani, Geogit Hindustan Umbrella Factory Pvt. Ltd., ICICI Ltd., Irinjalakuda and Kaipamangalam Grama Panchayath offer on the job training to our students.

Summer placement is provided by Science Academies, Bangalore.

Professional development is offered by NIIT Delhi, Edyounet, ELIJAH institute of MBA, ICWAI chapter, District Industrial Centre, Entrepreneurial Development Cell of KILA, AICE Irinjalakuda- a Franchisee of Tally Solutions, Bangalore, Taxation Centre Ernakulam, Institute of Chartered Accountants of India, District Industrial Centre, Thrissur, Industry department of municipality, IMU(International Mathematical Union)

Germany, NBHM(National Board For Mathematics, Department of Atomic Energy Govt. of India), KMA (Kerala Mathematical Association) and DST.

Research facilities are provided by Bharathiar University, Indian Trade Fare, IAS (Indian Academy of Sciences, Bangalore), Kerala Folklore Academy, Kerala Sahithya Academy, and Appanthampuransmaraka Library, KILA, Kerala Agricultural University, Dr. John Mathai Centre, University of Calicut.

Consultancy is provided to KIRTADS (Kerala Institute for Research Training and Development Studies of Scheduled Caste and Tribes) Kozhikode, Family Apostolate and Training Research Institute (FATRI), Velur.

Extension: This institution has a well-built linkage with Local Self Government Institutions like Municipalities, Block Panchayat and 16 Village Panchayats. Indian Council of Social Work, ASSK- Association of Schools of Social Work, All Kerala Social Work Students Association (AKSSA), SOS Children's Village Mulayam, Divyahridayaasramam, Chennaypara, Holy Angels Foundling Home, Pullazhy, Chalakudy Puzha Samrakshana Samithi, Kudumbasree District Mission Kerala, State AIDS Control Society (KSACS) Thrissur, Taluk Hospital Irinjalakuda, District Mission Hospital Thrissur, State Institute of Rural Development (SIRD) Kottarakkara, Children's Observation Home Ramavarmapuram, Thrissur, Govt. Old Age Home, Ramavarmapuram and Mahila Kisan Sakthikaran Pariyojana Kuzhoor Panchayath, NBPGR New Delhi.

Student Placement: Infosys, WIPRO, Infopark, Edyounet, Tata Consultancy Services, State Indian Bank and NIIT offer placements.

Publication: Excel India Publishers, Abhijeet Publishers, Delhi, collaborate with us.

6.3.9 Admission of Students

UG Admissions: The admission process is carried out keeping in mind principles of justice, equity and inclusiveness by strictly adhering to the Government and University norms. Admission to all the programmes is governed by an agreement signed between the Government and the Private College Managements.

The steps followed for selection process are as follows:

- 1) The duly filled application form for UG admission should be submitted in the college office on the specified date.
- 2) The first provisional selection list prepared as per University norms is published on the website and on the notice board.
- 3) The candidates are informed through interview cards.
- 4) During the interview all the necessary documents and mark list are verified and the candidate is admitted after payment of fees.

The percentage-wise allocation of seats is shown in the table below.

Percentage-wise Allocation of Seats

Sl. No.	Details of Quota	Percentage
1.	Open Merit, Physically Handicapped and Sports	50
2.	SC/ST Reservation	20
3.	Community Reservation	10
4.	Management Quota Reservation	20

The key criterion for admission to general courses is the percentage of marks obtained in the relevant subject at the qualifying degree examinations. University has fixed a

minimum percentage of marks for admission to **PG programmes** with usual relaxations for backward class students. Due weightage is, however, given to students who have served in NCC/NSS or have won laurels in the University level arts and sports meets. The selection process is similar to that of UG.

However, admission to certain PG programmes for which qualifying degree is multidisciplinary, is governed by the scores obtained by the candidates in the Entrance Examination and/or group discussion conducted by the University. This college has the following programmes coming under this category:

Programmes which Require Entrance Test

Sl. No.	Programs	Seats
1.	Master of Social Work (MSW)	20
2.	Master of Mass Communication and Journalism (MCJ)	15
3.	Master of Science (Biotechnology)	12
4.	Master of Computer Science	12

Admission under **management quota** is controlled by a committee appointed by the management for this purpose. Economic backwardness of the applicant is also considered along with her score in the qualifying examination while admission is recommended. Even for admission under this quota, academic merit of the student is ensured by fixing a minimum percentage of marks in order to be considered for admission. For all the self financing courses, 50% of seats are reserved on merit basis and the rest is for the management to fill. For certain PG courses the University conducts an entrance test for the PG students. After the exam, the list of students who have passed and have opted for the institution will be handed over by the University for admission in the merit quota.

6.4 Welfare schemes for faculty and staff

The different welfare schemes enjoyed by the faculty and staff include

- On campus residential facility
- Interest free loans
- Advance payment of salary on request
- Fee concession to the children of non teaching staff
- Financial help from management

This is an institution run by the Holy Family sisters, whose charism, the liberation of the poor and the welfare of the families, is inherited from the Foundress Mother Mariam Thresia. Hence community oriented education is something that we breathe in our day to day life in the campus. Twenty percent of all sources of income of the Holy Family Community go to the poor. The departments of the college extend financial aid to students of inadequate means. During the year, and was granted for tuition fees, certificate courses, purchase of books, uniforms, marriage and housing of students, study tours, medical treatment for serious ailments etc.

6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
For PG Programmes	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

- The system of internal assessment for UG being practised in this institution under University guidelines since 2010 provides for continuous student-assessment by their teachers in the prescribed curriculum, knowledge, communication skills, attendance and interest and progress in a five point scale of letter grades (A,B,C,D and E) formulated by the University.
- The internal evaluation is based on predetermined transparent system involving periodic written tests, assignments, seminars and attendance in respect of theory courses and based on written tests, lab skill/records/viva and attendance in respect of practical courses.
- To ensure transparency of the evaluation process, the internal assessment grade awarded to the students in each course in a semester is published on the notice board at least one week before the commencement of external examination. There is no chance for improving the internal grades. Each student is asked to verify her internal marks and acknowledge it. If they have any grievance, they can immediately approach the Head of the Department or the Principal and seek redress.
- The course teacher maintains the academic record of each student on the programme-rolls and these records are forwarded to the University (through the college Principal) to reach them on or before dates specified by the Controller of Examinations before each semester examination. Internal Assessment marks are shown separately in the mark-sheet issued by the University and these marks are added to the semester examination marks by the University for determining the grade of the student.
- The College has in place a Departmental Grievance Redress Cell (GRC) comprising two senior teachers as members, and the Head of the Department as Chairman. The Committee addresses all grievances relating to the internal assessment grades of the students.

- A college level Grievance Redress Committee also functions round the year to hear and decide on appeals from or against the department level GRC.
- Online Examinations are conducted for Post Entrance Test (PET)
- Online registration of examination form and uploading of semester examinations results are in practice.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

The state government has given the green signal for the introduction of autonomy in Higher Educational Institutions in Kerala. Steps are underway and a few colleges have been earmarked for autonomy subject to inspection and approval by a UGC committee. Hopefully in the not so distant future, autonomy will be a reality in this institution as well.

The college has secured the A grade in the third level reaccreditation by NAAC. Efforts are underway for being approved as a centre with potential for excellence and then an autonomous institution. With that the present constraints on designing and implementing innovative relevant courses will be lifted.

6.11 Activities and support from the Alumni Association

- The college has a strong association of a large number of alumnae scattered all over the world and they have been providing a variety of services to their alma mater ever since they left it. The alumnae members offer student support ranging from donations to networking as follows.
- The college Alumnae Association has instituted a number of scholarship programmes, awards and endowments for incoming students. Some of the other contributions of the alumnae are listed below:
- The reception counter with all necessary gadgets including FAX machine donated by the alumnae association.
- LCD projector, Laser Printers, journals were donated by our Alumnae worth of Rs.78,000.
- The college Golden Jubilee Project, 'Home for the Homeless' is also funded significantly by the alumnae.

Career Networking: The present students also get a jump-start on job-hunting by contacting alumnae around the world.

Contact with the Alumnae: Alumnae Association helps alumnae stay tuned in to the happenings at the college, through alumnae newsletter '**Domus Josephites**' and annual gatherings. **January 26th** has been declared as **Alumnae Day**, which brings the alumnae to the campus every year. The College website provides separate domain for Alumnae with provisions for personal mail and access for each student.

6.12 Activities and support from the Parent – Teacher Association

- The PTWA, a strong and approachable group of volunteers involve themselves in all the activities of the institution.

- Smt. Jessy George serves as President, Sri. I D Francis & Sri.K G Mohandas as Vice presidents in cooperation with the principal and faculty representatives
- Colorful welcome offered to first DC students and an interaction with NAAC peer team members organized.
- The fund collected by the PTWA is used for the welfare of the students. This year full cooperation was extended towards 'The Home for the Homeless' project. The Executive Committee meeting is held on special occasions and the parents take sincere efforts in materializing the golden jubilee projects

6.13 Development programmes for support staff

A planning-evaluation session was conducted for support staff at the beginning of the year in which the evaluation of the activities of the previous year was made, and suggestions for improvement sought. The work allotment was also done.

Seminars and workshops held on quality culture and quality imperatives are attended by all the staff and a select few are sponsored to attend similar events held in other institutions on related subjects. The majority of training is work based. We also provide thorough orientation and on-going department-wise training to staff. Annual training and orientation for all members of the staff is a regular feature.

In addition, as employees of this college, both the teaching and non-teaching employees enjoy the following benefits too.

Sl. No	Welfare Schemes for Faculty & Staff
1	On- Campus single residence facility for women staff
2	Free food and accommodation for watchmen
3	Rent - free accommodation with 75% reduction in mess fee for last grade employees
4	Interest- free loans
5	Advance payment of salary for faculty and staff in case of request
6	Admission reservation to any course for children and wards of the employees
7	Fee Concession for Children of non teaching staff
8	Canteen, recreation and physical fitness facilities
9	On-campus medical consultation facility
10	Free use of college infrastructure for individual research
11	Financial help given from the management funds in case of emergency
12	Financial aid given for construction and repair of house
13	Treatment of family members
14	Education of children
15	Special scholarship for children
16	PF, ESI, Annual increment in salary

6.14 Initiatives taken by the institution to make the campus eco-friendly

Initiatives taken by the College to make the Campus Eco-Friendly are as follows:

a) Energy Conservation:

The College is fast switching over to the use of alternative energy resources to minimize electricity consumption.

Solar lamps have been installed in the hostel and college campus.

Existing energy consuming tube lights and fans are replaced with energy saving tubes(250), CFL(345), and fans(91), Sodium Lamp(2), Air Cooler(2), Solar Light(13) and Metal Hileed(11). Energy consumption in the hostel is closely monitored by turning off power during day time.

b) Use of Renewable Energy: Two biogas plants are installed and biogas is used for cooking purposes in the hostel and staff quarters.

c) Water Harvesting: To minimize water shortage, an elaborate Rainwater Harvesting System has been set up. The water thus collected and conserved is put to maximum use and utilized for daily routine purposes (except for drinking).

d) Check Dam Construction:

- NSS volunteers have been active participants in a voluntary check dam construction.

e) Efforts for Carbon neutrality:

- Care is taken to restrict vehicle entry into the campus and specific parking area is allotted for faculty and students.
- Awareness programmes are conducted on special days by various departments.

f) Plantation/Greening Drives:

- We started “Greening” initiatives beyond the boundaries of our campus as early as 2005, when we planted 2500 saplings on the Munackal beach, as part of greening drive initiated by the Department of Forests. The follow up and upkeep is done by the students every year.
- Trees were planted by students along roadsides and on both sides of the road in front of the college. A garden was also set up in front of the college campus.
- There is active participation in the Save Energy campaign and the ‘Haritha Keralam’ project of Kerala Government.
- The institution has a Nature Club that functions actively in making the campus green and a manuscript called ‘Haritha’ is released annually.
- Our campus is a totally de-plasticized zone. Use of Plastic bags, cups and plates are restricted in the campus and the NSS volunteers make it a point to pick and clean every bit of plastic waste from the campus.
- The Departments actively participate in green campaigns and has taken the initiative to teach students how to make paper bags and files.
- The Discipline Committee and its student leaders ensure that the class rooms and campus are kept clean and plastic free.
- Special drainages are provided to dispose of chemical waste from the labs.
- Priority is given to the use of organic manure on the campus.
- One of the healthy practices of the institution is ‘**Green Campus- Clean Campus**’ initiative. The entire campus is divided into different zones and entrusted to various departments under the supervision of CSS committee. Diagram showing the allotment of spaces under the programme is given below.

Criterion – VII

7. Innovations and Best Practices

7.1 & 7.2

Innovations introduced during this academic year which have created a positive impact on the functioning of the institution and the action taken report are as follows:

- a. Augmentation of ICT enabled teaching and learning practices, purchase of 12 smart boards and setting up 05 smart seminar halls
- b. Conduct of a World Congress on Research and Innovations (conducted on 18, 19 & 20 of December 2013)
- c. Conduct of Lecture Workshops in Mathematics, Chemistry and Physics (conducted on 6 to 8 November 2013 and 31 January and 1st February 2014)
- d. Organizing an inter institutional Science Exhibition (conducted on 17 to 20, December 2013)
- e. Guruvandanam – A golden tribute to the former faculty and staff, honouring the sagacity of these sages and their valuable service to the institution
- f. Samadharana Sangamam – an occasion of nostalgic pride when 50 stars from among the former students, symbolically representing the hundreds of alumnae were honoured. 07 Alumnae who have excelled in various spheres such as education, art, culture, sports media and business were declared as Jubilee ambassadors
- g. Carnival –held on 12 to 14 of February 2014 as a unique learning and recreational experience... a mosaic of movement, colour and sound, fun and frolic, comprising motor rallies, flower and pet shows, exhibitions of culture and entertainment, culinary stalls, magic shows etc. (Held on 12 to 14, February 2014)
- h. Save a life: a philanthropic project amassing financial aid for the dialysis of 50 renal patients
- i. Home for the Homeless – a most caring Golden Jubilee Project that involves the construction of 50 houses for 50 deserving families

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Even though the college has quite a number of healthy practices, two of them, ‘**Green Campus – Clean Campus**’ and ‘**Faculty @ Students’ Homes**’ deserve special mention.

Best Practice I

1. **Title of the Practice: ‘Green Campus – Clean Campus’**
2. **Goal:**
 - To train students to become protectors of Nature and to make a difference to the endangered Planet Earth
 - To promote awareness on environmental issues
 - To spread the message of greening and cleanliness

Action Taken:

- Trees have been planted both within the campus and outside. Plants and shrubs, of the flowering, vegetable and medicinal variety, are visible in the campus.
- Saplings have been distributed to the students and nearby houses, in collaboration with the Departments of Forests and Agriculture.
- Students are encouraged to be active members of the Nature Club.
- The various departments of the Institution have been allotted specific spaces on the campus to maintain greenness and cleanliness. (Diagram of the spaces allotted is attached).
- Care is taken to keep the campus, pollution and plastic free.
- There is restricted vehicle entry during working hours and a separate parking lot.
- There are dustbins in strategic places with a system of effective waste disposal.
- Students are encouraged to keep their classrooms and common spaces clean. There is a Cleaning Day for the campus spearheaded by the NSS and CSS units and a special prize instituted for the 'Best Class Room'.

Best Practice II**1. Title of the Practice: Faculty @ Students' Homes****2. Goal:**

- To Effect holistic development of students
- To Facilitate closer bonds between faculty, students and their families
- To Prepare young women to be architects of ideal families
- To Contribute to the building up of a good Society/Nation

Action Taken:

- Teachers visit all their students at their homes at least once in the time span of their academic studies in the college (UG- 3 years, PG-2 years). About one-third of the houses are visited per year by the faculty.

7.4 Contribution to environmental awareness / protection**Environment Consciousness**

St. Joseph's College is situated in the heart of Irinjalakuda, a bustling town in Kerala. A tranquil world in itself, our campus stands unique with its lush green expanse, paved pathways, colorful plants, gigantic trees, gentle breeze and a serene, soothing environment. Our strategic plans for development have always been driven by a love of nature and sustainability of important resources like energy and water as well as by adopting practices such as waste reduction, recycling and energy conservation.

Conduct of Green Audit by the Institution

The institution is very conscious of its responsibilities to the environment and conducts a Green Audit of its campus and facilities. The institution maintains a checklist of the following in connection with Green Audit:

- Facility information such as number of users and functions
- Feedback mechanism from facility users

- Collection service record for waste materials
- Consumption of electricity and Solar energy in the campus
- Usage of the Rain Water Harvesting System
- Eco friendly practices
- Green Campaigns
- Integration of sustainability principles and practices into curriculum through awareness Programmes and Environmental Studies

Initiatives taken by the College to make the Campus Eco-Friendly are already mentioned in detail in 6.14. They include

- Energy Conservation:**
- Use of Renewable Energy:**
- Water Harvesting:**
- Check Dam Construction:**
- Efforts for Carbon neutrality:**
- Plantation/Greening Drives:**
- Hazardous Waste Management and e-Waste Management:**

7.5 Whether environmental audit was conducted? Yes ☐ No ☒

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

The institutional strengths, weaknesses, opportunities and challenges are as follows:

Strengths

- A vision and a mission for realization of objectives socially up- lifting, academically enriching through research orientation and empowering through value based holistic, learner- centered education
- Wide popular acceptance, unchallenged University recognition and positive governmental support as one of the most peaceful, unpoliticised and academically oriented campuses in the State
- Each core course programme enriched with specially designed vocational component in the form of Add-on/certificate course
- Thrust on value education as a compulsory major component of the degree programme
- Adequate representation of the college and its faculty in University decision making academic bodies
- ICT enabled interactive and student centered curriculum delivery
- Research ambience in the campus achieved by the visits of experts and Scientists during National/International workshops/seminars and their interactions with students
- Four full-fledged research centers in Mathematics, Chemistry, Commerce and English
- Regular international journal publications, conduct of frequent national/international seminars with support from national and international organizations such as IMU(Germany), NBHM (DAE), DST and Wipro

- State-of-the-art infrastructure facilities including computer labs, journalism labs, language lab and research labs
- Elaborate feedback mechanism to gauge stakeholder perceptions
- Strong mentoring and student support system
- A committed IQAC, bound to quality enhancement and sustenance initiatives
- Interwoven curricular, co-curricular and extra-curricular student engagements, both on tracks and stage, with meritorious outcomes
- Wellness and Fitness Centers meant for developing health status of the college inmates
- Alumnae positioned in higher echelon of research/academic, political, entrepreneurship, art and cultural fields
- Unlimited Extension opportunities to infuse students with an ardent sense of responsible citizenship for nation building
- Rural camps, construction of houses, free tuitions, mobile labs, street plays, rallies, philanthropic activities, outreach programmes, activities to empower the marginalized and downtrodden
- Infrastructure facilities of the institution facilitating smooth higher level education
- Healthy teacher-student relationship
- Innovative and creative environmentally conscious best practices

Weaknesses

- An affiliated college with autonomy is yet to be granted and hence limited freedom to vertical and horizontal academic empowerment, inability to begin innovative courses in both UG and PG
- Poor economic background of the students and of the locality (semi-urban) a constraint on the level of accessibility to various fields of higher education
- Twinning and Faculty/Student Exchange programme yet to be introduced in the University

Opportunities

- Chances of government approval for autonomy and with that the present constraints on designing and implementing innovative relevant courses to be lifted.
- Self-financing stream to be further strengthened to introduce technology and contemporary programmes
- Consultancy to be further developed into an income generating source and the income thus generated utilized for the infrastructure enhancement of the departments
- For a fuller utilization of the infrastructure, evening schedules to be opened up, attracting a large number of women who had to drop out due to occupational or early marriage compulsions
- Research centers for all PG departments to provide more output in the higher research areas

Constraints/Challenges

- Meagre leave options for pursuing post doctoral research
- Women academicians to be offered higher academic positions at the Government level
- Paucity of funds at the root of all challenges and constraints, infrastructure expansion involving huge funds stalled due to inadequate grants

8. Plans of institution for next year

- Future plans focus on the institution's endeavour to reinvent itself. The immediate target is for the college to be acclaimed as a **centre with potential for excellence** and before long, to be recognised as fit for **autonomy**.
- We wish to make the nature of education more participative and introduce more programmes that are cross-disciplinary. An **overhaul of the curriculum** is desirable and necessary to bridge the gap between actual industry and academics and to equip the students with entrepreneurship skills.
- Other future plans involve the setting up of a **state-of the art- research block** that would provide accelerated momentum to the already initiated research activities. As a result, more research programmes are also anticipated in the immediate future.
- Other future projections comprise the upgradation of the already active women cell into a **centre of Women studies**, further development of the e-library and virtual library to augment ICT enabled teaching and learning, starting an advanced research lab, seeking and availing increased assistance for workshops, conferences and seminars – national and international, and signing MOUs with universities and institutes of repute.
- The Golden Jubilee philanthropic initiative called '**Home for the Homeless**' involving the construction of 50 habitats for the low income group is an ongoing project, along with the conduct of the Kerala State Government and Higher Education Council sponsored programme **ASAP (Additional Skill Acquisition Programme)**
- In the near future, the institution also envisages the setting up of a **community college** and the starting of at least one undergraduate programme in the **vocational stream**. Applications have already been forwarded for the sanction of the same.
- Also planned for the immediate future is **the conversion of energy consumption to solar sources**. In the next year, around 50% of the energy consumed is intended to be sourced from solar sources. The 'Green Campus, Clean Campus' drive which is already in full swing will be further stepped up upholding the institution's commitment to the environment.
