

Webinar on Research Methodology

A Webinar on research methodology was conducted on 2nd of August at 10:00 am through Google meet, in order to give information on how to prepare the project to the students of commerce department. The topic on which the webinar was conducted is "Research methodology" and the resource person of the webinar conducted was Miss Vimala P, Assistant professor of St Xavier's College, Aluva. The programme started with the welcome speech, welcoming the Resource person, Department head, faculty members and the participants.

This webinar was held for a time period of 2 hours in which the resource person talked about the topic on "how to do the project" by classifying it into 4 major steps which included:

- How topic can be selected
- How to prepare a plan
- How can we conduct the study
- Format of research report and more

The webinar ended at sharp 12, after the doubt clearing session and the vote of thanks.
