

# Webinar on Supply Chain Management and AI

**Organized by  
Department of Mathematics,  
St. Joseph's College (Autonomous) Irinjalakuda**

**Date: 03-02-2021**

**Platform: Zoom**

**Coordinated by : Ms. Anju Davis**

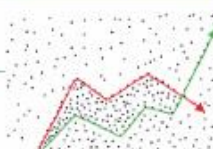

Department of Mathematics on behalf of B. Voc Mathematics and Artificial Intelligence in association with Department of Computer Science organized a session in Supply Chain Management and AI in the series of lectures titled Virtual seminar series AI: Future works, on 3rd February 2021 through online platform Zoom. Ms. Ambily presented formal welcome and Angel Maria Sunny from B. Voc Math and AI delivered vote of thanks. Resource person was Dr. Juan Jaramillo, Academic Director of the MSBA @ Adelphi University and Co-Chair of the Innovative Applications in Analytics Award. The topic covers how artificial intelligence used in logistic management. Students from B. Voc Mathematics and artificial intelligence, BCA and M.Sc. computer science attended the programme . More than 100 participated in the session.

Virtual Seminar series AI: Future of Works  
Topic: Supply Chain Management and AI  
Organized by B. Voc. Mathematics & Artificial Intelligence  
in Association with Department of Computer Science

### Data vs Information

- Data
  - Facts
  - Records
  - Data
- Information
  - Structured data that are suitable for decision making

**CONFERENCE AGENDA**

**February 3rd 2021**  
5.30 pm to 6.30 pm IST (7 am to 8 am EST)

Topic **Supply Chain Management and AI**

Currently the Academic Director of the MSBA @ Adelphi University and Co-Chair of the Innovative Applications in Analytics Award. Dr. Jaramillo has experience designing and implementing undergrad and graduate programs in Analytics and Supply Chain as well as integrating education with industry using innovative teaching approaches to train the next generation of Data Scientists. He was an assistant professor at SUNY Farmingdale School of Business. He holds a PhD in Industrial Engineering from West Virginia University. Juan has been employed in industry and in academia, and has worked with undergraduate and master students in the fields of industrial engineering and business administration. He designed the Supply Chain B.S. in Albany State University Curricula and he is the lead faculty in the design and implementation of the new BS in Analytics at SUNY Farmingdale. Currently, he is the chair of the INFORMS Innovation in Analytics Award. His published research spans the fields of analytics, operations management, logistics, and supply chain management

**Mr. Juan Jaramillo, Ph.D**
