Report of the event

The Department of Computer Science and B.Voc Software Development, St. Joseph''s College (Autonomous), Irinjalakuda organised COMPUTER LITERACY DAY awareness on 2nd December, 2022.Our students conducted computer awareness program and questionnaire for other streams.

Every year, the World Computer Literacy Day is observed on December 2 to create awareness and drive digital literacy in underserved communities worldwide. On 2-Dec-2022 We celebrated Digital literacy day. Computers have become an essential part of human life due to rapidly increasing technology and the digital revolution in today's modern era. Knowledge of computer has become very important nowadays because it is very much accurate, fast and can accomplish many tasks easily. It can do very big calculations in just a fraction of a second. Moreover, it can store huge amount of data in it and also helps us in getting information on different aspects using the internet on our computer. Hence, to promote awareness about the computer and to encourage people to use them efficiently World Computer Literacy Day is observed every year.

The day promotes technological skills, especially in children and women. The World Computer Literacy Day aims to inspire them to learn more and make their work/task easier by the use of computers.
